## Letter of Reference

During the period 2013- 2014 Ljungmarks Gruppen AB has been undergoing the annual ISCC certification according to the Renewable Energy Directive (RED) (Directive 2009/28/EC of the European Parliament and the Council of 23<sup>rd</sup> April 2009 of the promotion of the use of energy from renewable sources) certified by GutCERT (GUT Certifizierungsgesellschaft für Managementsysteme mbH) / AFNOR as a collecting point.

The Lead auditor carrying out these certifications was Dr ing Krystyna Stephens (who we understand is a subcontractor working for BPIC Sp. z o.o. / AFNOR POLAND) who was professional, and knowledgeable. The certification process was competently carried out and resulted in us receiving the certificate and we are very satisfied with the work.
